OMB Number: 0551–0026.

Expiration Date of Approval: September 30, 2022.

Type of Request: Extension of a currently approved information collection.

Abstract: The primary objective of the FMD and MAP programs is to encourage and aid in the creation, maintenance, and expansion of commercial export markets for U.S. agricultural products through cost–share assistance to eligible trade organizations. The programs are a cooperative effort between CCC and eligible trade organizations. Currently, there are approximately 67 organizations participating directly in the programs with activities in more than 100 countries.

Prior to initiating program activities, each FMD or MAP participant must submit a detailed application to FAS which includes an assessment of overseas market potential; market or country strategies, constraints, goals, and benchmarks; proposed market development activities; estimated budgets; and performance measurements. Each FMD or MAP participant is also responsible for submitting: (1) reimbursement claims for approved costs incurred in carrying out approved activities, (2) an end–of–year contribution report, (3) travel reports, and (4) progress reports/evaluation studies. FMD or MAP participants must maintain records on all information submitted to FAS. The information collected is used by FAS to manage, plan, evaluate, and account for

government resources. The reports and records are required to ensure the proper and judicious use of public funds.

Type of Respondents: Non-profit agricultural trade organizations, non-profit state regional trade groups, agricultural cooperatives, and state agencies.

Estimated Number of Respondents: 67.

Estimated Number of Responses per Respondent: 64.
